CASE NO. 2:18-CV-00412-RWS-RSP

DECLARATION OF JARI KOLJONEN

I, Jari Koljonen, declare and state the following:

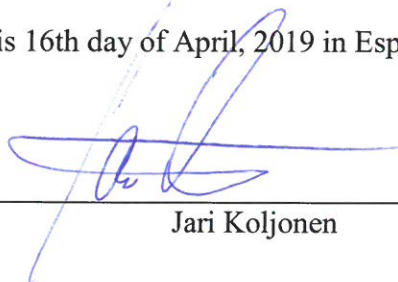

1. I am General Counsel in the Espoo, Finland office of HMD Global Oy, one of the defendants in this action. I provide this declaration in support of HMD Global Oy's Motion to Dismiss for Improper Service of Process. I am familiar with how the legal department of HMD Global Oy receives and processes packages in the ordinary course of business, and, if called upon to do so, could and would testify competently thereto.

2. On March 26, 2019, a package arrived at HMD Global Oy's Espoo office via standard United States international mail and was brought to the legal department in the ordinary course of business. The package contained a Customs Declaration form identifying "HMD Global Oy." The package further contained a document titled "Summons in a Civil Action" addressed to "HMD Global Oy." The package further contained a document titled "Plaintiff's Original Complaint for Patent Infringement." Finally, the package contained documents labeled

Exhibits A, B and C, which appeared to be United States patents. No other documents were included in the package. Attached hereto as **Koljonen Exhibit 1** is a true and correct copy of the documents contained in the March 26, 2019 package, except for Exhibits A, B and C (the United States patents, which have been omitted from Koljonen Exhibit 1 to save space). This record was made at the time of receipt by a member of our department and was kept in the ordinary course of business as is the regular practice of HMD Global Oy.

3. On April 8, 2019, a package arrived at HMD Global Oy's Espoo office via Federal Express and was brought to the legal department in the ordinary course of business. The package contained two documents titled "Summons in a Civil Action." The first such document was addressed to "HMD Global Oy." Unlike the document titled "Summons in a Civil Action" from the March 26, 2019 package, however, this document did not include a date, signature, or seal at the bottom. The second document titled "Summons in a Civil Action" in the April 8, 2019 package was also addressed to "HMD Global Oy," also lacked a date, signature, or seal at the bottom, and further contained the wrong address. The package further contained a document titled "Notice" with text highlighted in yellow at the bottom. The package further contained a document titled "Plaintiff's First Amended Complaint for Patent Infringement." Finally, the package contained documents labeled Exhibits A, B and C, which appeared to be United States patents. No other documents were included in the package. Attached hereto as **Koljonen Exhibit 2** is a true and correct copy of the documents contained in the April 8, 2019 package, except for Exhibits A, B and C (the United States patents, which have been omitted from Koljonen Exhibit 2 to save space). This record was made at the time of receipt by a member of our department and was kept in the ordinary course of business as is the regular practice of HMD Global Oy.

4. I declare under penalty of perjury under the laws of the United States of America that the foregoing is true and correct. Executed this 16th day of April, 2019 in Espoo, Finland.

A handwritten signature in blue ink, consisting of stylized cursive letters, is positioned above a horizontal line.
